LEONIA SCHOOL SERVICES

SPECIAL SERVICES

A full-time Supervisor of Special Services oversees the district's Special Education programs. Education and related services are provided by 38 professional staff members: teachers, school psychologists, school social workers, learning consultants, speech language pathologists, occupational and physical therapists. The Child Study Team evaluates students based on presenting needs. An Individual Education Program (I.E.P.) is developed, implemented and monitored for students found eligible for services. Special instruction is provided for students with learning, emotional, developmental and/or physical disabilities. Resource Centers in each school provide replacement instruction and/or assistance with academic subjects and the development of organization and study skills. Self-contained classrooms at all three schools provide individualized instruction for students with learning and multiple disabilities.

ENRICHMENT PROGRAMS

The ACS enrichment program provides opportunity, individual and small group coaching, and direct instruction in problem based learning in order for each learner to reach his/her fullest potential. Students work collaboratively to create and apply solutions to real world phenomena and situations, such as redesigning Archimedes puzzle, creating a new business, and creating meal and fitness plans.

At the Middle School, students gifted in Art, Music, Science, Math, Social Studies and Language Arts can apply for Portfolio Programs, which are under the guidance of teacher specialists.

At the High School, qualified students can take Advanced Placement and Honors courses in a number of subjects and qualify for college credits. High school students can also participate in the Middle College Program in conjunction with Fairleigh Dickinson University.

ENGLISH LANGUAGE LEARNERS

Leonia is a diverse community with over 40 languages spoken in our homes. The ELL program serves students who are limited in their ability to speak English. ELL courses are available at each grade level and help students to develop and improve oral communication and reading and writing skills in English.

HIGH SCHOOL ACADEMIES

LHS hosts three academies, the Leonia Academy of Science (LAS) and the Leonia Academy for the

Culinary Arts (LACA) and the Marketing and Business Leadership Academy (MBLA) with three specific majors: Accounting, Economics, and Marketing. Information on these can be found on the high school's web page.

STUDENT SERVICES

A guidance staff that includes one counselor in the Elementary School, two at the Middle School and four at the High School supports the academic program. At ACS, the guidance counselor provides advice, support, and help in educational and personal development for the students at ACS. This is accomplished by meeting students in both the group setting and individual meetings where topics such as peer pressure, tolerance and study skills are discussed. The guidance counselor is also available as a resource to parents who may have questions or concerns about their child. At the middle school, counselors provide counseling services, both individual and group, monitor student achievement, maintain open lines of communication between parents and staff and oversee standardized testing. At the high school, the guidance counselors provide career and college counseling, as well as support services for youths at risk.

I&RS COMMITTEE

The Intervention & Referral Service Committees, made up of teachers, counselors and members of the Special Services Team, suggests strategies and actions for staff and parents to better support the educational needs of students that experience difficulty in reaching their full academic potential.

FOOD SERVICE

All three schools have a cafeteria and provide low cost, nutritionally balanced hot and cold breakfast and lunch service daily. Free or reduced price breakfast and lunch are available to students who qualify under state and federal programs. Applications are sent to parents at the beginning of each year.

HEALTH SERVICES

School nurses in each school conduct screenings for vision, hearing and scoliosis (curvature of the spine); maintain health records; record height and weight and blood pressure; administer medications (if a note from the doctor has been provided); and provide emergency care. The school nurse may also make referrals regarding

possible emotional or physical difficulties. If a child becomes ill during school, he/she will be sent to the nurse's office. If, in the opinion of the school nurse, the child is unable to remain in school, a parent will be contacted and asked to pick up his/her child to take him/her home. A complete physical is required for children in kindergarten, fourth, seventh and tenth grades.

AFTER SCHOOL CHILD CARE

Leonia School Age Child Care (SACC), an organization run by an independent board, provides child care services for students in grades K-8 at Anna C. Scott School. Students can be dropped off as early as 7:00am and picked up no later than 6:00pm. SACC can be reached at (201) 944-6715.

AFTER SCHOOL ENRICHMENT

The Board of Ed offers after-school enrichment courses at ACS for students in grades 2-5. A variety of courses will be offered for a fee.

COMMUNICATIONS WITH THE PUBLIC

Leonia Schools has a new free APP for smartphones to see menus, agendas, homework assignments and much more!

Information on the district can be found on-line at www.leoniaschools.org. Superintendent Megargee has an educational blog, sends out timely information on Twitter, and offers a weekly VODCAST about current events in Leonia schools. All can be found on the website. All schools send out E-Blasts. The ACS Home and School prepares a newsletter regarding ACS activities.

HOME AND SCHOOL ASSOCIATION

Each school has an active Home and School Association. Members raise funds for special programs and trips, for teacher wish-list items, and for scholarships. Volunteers are always needed to help on field trips, to assist in the library, to perform at assemblies, to contribute to bake sales, to help at special events, to translate, to participate in career days, and much more. If you have a special talent you'd like to share, please contact the Home and School chair at your school or attend one of their scheduled meetings listed in this calendar. The Home & School Korean Parents Committee helps with translation of correspondence and helps orientate new families.

Conferences are held with parents at least once a year. Progress Reports are sent home with students in grades K-3 three times a year. They are sent home four times a year to students in grades 4 and 5. They must be signed by the parent and returned to the school as quickly as possible.

CURRICULUM

Students receive instruction in language arts, math, science, social studies, world languages, computers, art, music, physical education, library, and science lab.

KINDERGARTEN REGISTRATION

All children who are five years old on or before October 1 are registered and developmentally screened for the full-day kindergarten program. Registration takes place in the spring at ACS (see calendar for dates) and orientation programs are provided.

All mixed recyclables should be rinsed. Do not bring directly to DPW. Materials should be in rigid containers, not plastic bags.

Yard Waste (branches, leaves, brush, grass clippings) is picked up at the curb on alternate Mondays. Loose clippings should be in rigid containers or biodegradable bags that do not exceed 50 pounds. ENTITLEMENT TO ATTEND THE PUBLIC SCHOOLS ON A TUITION-FREE BASIS

State law (N.J.S.A. 18A: 38-1) stipulates that the children of legal residents of Leonia are entitled to attend the Leonia Public Schools on a tuition free basis. (Leonia's sending/receiving relationship with Edgewater entitles Edgewater students to attend the Leonia Public Schools in grades 7-12.)

As stated in Board Policies (Nos. 5111 & 5118), "The mere owning of any property whatsoever does not qualify a parent/guardian to send children to school in this school district." Additionally, "The Board reserves the right to verify the residency of any pupil and the validity of any affidavit of guardianship." Upon registering a student, parents/guardians must present appropriate documentation demonstrating residency. Affidavit submissions must also comply with applicable state law.

The Leonia Public Schools accepts tuition students on a limited basis and under certain conditions.

Students who are found to be in attendance in the Leonia Public Schools without any entitlement to do so on a tuition-free basis will be removed from school. Their parents/guardians will be subject to the payment of tuition calculated on a per diem basis for the length of enrollment.

REGISTRATION

Children must register at the school they will be attending. In order to register a child, parents must provide a birth certificate, immunization/medical records, and recent transcripts. In addition, parents must provide proof of residency to the Board of Education Office at 570 Grand Ave.

SCHOOL BOARD MEETINGS

The Leonia Board of Education holds public meetings twice a month in the Anna C. Scott School Cafeteria, facing Broad Avenue, on the 2nd and 4th Tuesdays of the month or as posted.

SCHOOL ATTENDANCE

If a child will not be attending school, parents must call the school first thing in the morning. Each school has a different procedure so please check your child's Agenda. When the child returns, he/she must bring a note signed by the parent or guardian describing the reason for the absence.

SCHOOL POLICIES

Each student is issued an Agenda at the beginning of the school year detailing all the policies for that school. Please refer to it if you are uncertain about any school issue. All Leonia schools have a strictly defined policy in regard to drugs, alcohol and weapons, as well as for hazing and harassment of any kind. No smoking is allowed on school grounds.

EMERGENCY CLOSINGS

If school is cancelled due to inclement weather you will receive a phone call using the reverse 911 system or log onto www.leoniaschools.org.

PHYSICAL EXAMS

Physical examinations are required by the Board of Education before kindergarten, 4th, 7th, and 10th grades. Students participating in sports need an annual physical along with state-mandated age-appropriate vaccinations.

CROSSING GUARDS

Crossing guards help children safely cross the streets at key intersections. Please encourage your child to cross only where there are guards on duty.
